## **Global Product Marketing Manager Announced**

---

**Dr. Bruce Howie**  
**Global Product Marketing Manager**

*Toronto (June 15, 2017)* – Dominion Colour Corporation (DCC) is pleased to announce the appointment of Dr. Bruce Howie to the new position of Global Product Marketing Manager, effective immediately.

In his new position Bruce will report directly to Mark Vincent, CEO, and will be responsible for the product management and marketing of DCC products on a global basis. Cristina Zanzottera, based in Maastricht, the Netherlands, will report to Bruce.

Bruce joined DCC approximately eight years ago as a Senior R&D Chemist from EC Pigments where he held the position of R&D Manager. In 2014, Bruce successfully transitioned to become DCC's Organic Product Manager, assisting the international sales and distribution teams to maintain and build profitable relationships with the customer base globally.

Bruce holds a PhD in Synthetic Organic Chemistry and a BSc (Hons) in Chemistry with Colour Chemistry from Heriot-Watt University, UK.

### **About Dominion Colour Corporation**

Dominion Colour Corporation is a leader in colour pigment solutions and preparations for the coatings, plastics and specialty ink industries worldwide. DCC offers a broad product portfolio focused on high performance inorganic and organic pigments. Headquartered in Toronto, Canada, DCC has world class manufacturing facilities in Canada and the Netherlands as well as technical sales offices throughout the Americas, Europe, Middle East and Asia to enable close collaboration with customers.
